SUPPLEMENTARY INFORMATION: Multnomah County, bridge owner, has requested a temporary deviation from the operating schedule for the Hawthorne Bridge across the Willamette River, mile 13.1, at Portland, OR. The requested deviation is to accommodate the Race for the Cure event. To facilitate this event, the draw of the subject bridge will be allowed to remain in the closed-to-navigation position and need not open to marine traffic from 7 a.m. to noon on September 17, 2017. The Hawthorne Bridge provides a vertical clearance of 49 feet in the closed-to-navigation position referenced to the vertical clearance above Columbia River Datum 0.0. The normal operating schedule is in 33 CFR 117.897(c)(3)(v). Waterway usage on this part of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. The Coast Guard provided notice of and requested objections to this deviation to local mariners via the Local Notice Mariners, and email. No objections were submitted to the Coast Guard.

Vessels able to pass through the bridge in the closed-to-navigation position may do so at any time. The bridge will be able to open for emergencies, and there is no immediate alternate route for vessels to pass. The Coast Guard will inform the users of the waterway, through our Local and Broadcast Notices to Mariners, of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
